The Right Side of the Equation

At Hope Kids Cyber Classroom (HOPEKCC), we blend technology with Christian values to nurture a vibrant learning family. Children, college and grad students, and professionals unite to craft a brighter tomorrow through innovative education and community bonds.

What We Do

Through engaging counselor-led classes and tech-talks, alongside mentorship from college, grad, and high school seniors, we ignite young minds to thrive and grow within a caring atmosphere.

Classes

Scratch, Python, C++

About Us

HOPEKCC blends technology with Christian values to nurture a vibrant learning family. Children, college and grad students, and professionals unite, inspired by our YMCA-like mission with a tech twist. Through engaging counselor-led classes and tech-talks, alongside mentorship from college, grad, and high school seniors, we ignite young minds to thrive and grow within a caring atmosphere. Together, we're crafting a brighter tomorrow through innovative education and community bonds.

**Who is our target

About Us

HopeKCC is a non-profit organization dedicated to empowering young minds through technology. We provide a welcoming and secure digital sanctuary where children from all backgrounds can learn, grow, and thrive. Our mission is to foster a passion for technology and inspire positive change in the lives of young people.

**Who do we want our
target audience to
be?**

**At the end of the
day, a lot is
unclear, and our
first step should
be to answer these
questions...**
